come on , **safeway** . <sssss> you are **pretty much** the only **game** in town for downtown right now . <sssss> you **would think** your **corporate office would recognize** this and **remodel** and **class** this **place** up a **bit** . <sssss> you have people who have money to **spend living** all over **downtown phoenix** now . <sssss> the **store** **needs** to **clean** up its **act , improve** its **customer service** and **cater** to a **new demographic emerging downtown** . <sssss> if i had a new **better choice downtown , i would never** step back in this **rundown location** .

went last night and was **utterly appalled** at the **mess** of a **store** i **walked** into . <sssss> the **aisles** were a **disaster** - **product** was **thrown everywhere** or was **completely** out . <sssss> i **thought** this was a **grocery store** ? <sssss> a **place** to **buy food** ? <sssss> **one checkout** line **open** and a **miserable employee ringing** . <sssss> if i was **n't** in the middle of baking dessert at **home** i **would** have **tossed** the **ingredients** i **needed back** on the **shelves** and **gotten** the **hell outta** there . <sssss> **thank god** the **safeway** on osborn is only a **short ride away** .

this **safeway** is **ghetto** ... for **arizona** . <sssss>
there are **always** security guards hanging around and
looking creepy , like maybe they **stole** the
uniforms . <sssss> this **store** is **always**
understaffed ... <sssss> **none** of the
employees are **helpful** nor **friendly** . <sssss>
the **products** are all **grossly**
overpriced .<sssss> **yikes** . <sssss> this is a
terrible location . <sssss> all **safeways**
are **terrible actually** . <sssss> i do **n't** like paying
double and **getting half** the **customer**
service i **get anywhere else** . <sssss> no
thank you !

after **seeing** a recent review about this **safeway** it **reminded** me of the **last time** i **shopped** there and it **made** me **never** want to go **back** . <sssss> as i **reached** the **check** out line i **hear** the cashier say out **loud** `` **oh** not **another customer** ... <sssss> it was **really** **rude** and **unprofessional** . <sssss> **look pal** , i do n't like to go to work sometimes either but i do n't sit and bitch about how i do n't want to be there . <sssss> **another thing** , the **starbucks thing** is **ridiculous** . <sssss> there is **already one** in the same complex and then they put one inside the grocery **store...**
