

**come** on , **safeway** . <sssss> you are **pretty much** the only **game** in town for downtown right now . <sssss> you **would think** your **corporate office would recognize** this and **remodel** and **class** this **place** up a **bit** . <sssss> you have people who have money to **spend living** all over **downtown phoenix** now . <sssss> the **store** **needs** to **clean** up its **act** , **improve** its **customer service** and **cater** to a **new demographic emerging downtown** . <sssss> if i had a new **better choice downtown** , i **would never** step back in this **rundown location** .

**went last night** and was **utterly appalled** at the **mess** of a **store** i **walked** into . <sssss> the **aisles** were a **disaster** - **product** was **thrown everywhere** or was **completely** out . <sssss> i **thought** this was a **grocery store** ? <sssss> a **place** to **buy food** ? <sssss> **one checkout** line **open** and a **miserable employee ringing** . <sssss> if i was **n't** in the middle of baking dessert at **home** i **would** have **tossed** the **ingredients** i **needed back** on the **shelves** and **gotten** the **hell outta** there . <sssss> **thank god** the **safeway** on osborn is only a **short ride away** .

this **safeway** is **ghetto** ... for **arizona** . <sssss>  
there are **always** security guards hanging around and  
**looking creepy** , like **maybe** they **stole** the  
**uniforms** . <sssss> this **store** is **always**  
**understaffed** ... <sssss> **none** of the  
**employees** are **helpful** nor **friendly** . <sssss>  
the **products** are all **grossly**  
**overpriced** .<sssss> **yikes** . <sssss> this is a  
**terrible** location . <sssss> all **safeways**  
are **terrible** actually . <sssss> i do **n't** like paying  
**double** and **getting half** the **customer**  
**service** i **get anywhere else** . <sssss> no  
**thank** you !

after **seeing** a recent review about this **safeway** it  
**reminded** me of the **last time** i **shopped** there  
and it **made** me **never** want to go **back** . <sssss>  
as i **reached** the **check** out line i **hear** the cashier  
say out **loud** `` **oh** not **another customer** ...  
<sssss> it was **really** **rude** and  
**unprofessional** . <sssss> **look pal** , i do n't like  
to go to work sometimes either but i do n't sit and bitch  
about how i do n't want to be there . <sssss> **another**  
**thing** , the **starbucks thing** is **ridiculous** .  
<sssss> there is **already one** in the same complex  
and then they put one inside the grocery **store**...
